

The following are the recipients of the four \$750 - 2017 Everett Hoffman Scholarships from the Retired Washington State Patrol Retirees Association (RWSPEA). Congratulations to all winners and thanks to everyone for supporting the RWSPEA and allowing us to make these scholarships to worthy relatives of our retired Washington State Patrol family!

It was an honor for me to personally call each of the winners and notify them of the good news. I asked each of the winners to talk to me about who they are, why they selected the college they are attending and what they will be studying. I firmly believe the Everett Hoffman family would proud of those selected.

I want to thank Greg McNeilly for his work going through the applications and selecting these young adults. I would be remiss if I didn't give a shout-out to my classmate retired Sgt. Trent Cain whose son received one of the awards – **Class of '67 “keeps a rev’n” !!!!!**.

Ali Brandt is from Wenatchee and the granddaughter of retired Sergeant Ken Lofquist. She is attending Whitworth University with a major in Chemistry. This is her third scholarship from RWSPEA.

Taryn Harkness from Kennewick is the granddaughter of retired CVEO 3 Richard Gardinier. Taryn is attending the University of Washington (GO DAWGS) and studying visual arts or design. She hopes to someday be a graphic designer, concept artist, or illustrator. She believes in determination, perseverance, and acceptance.

Tegan Cain is a first-time recipient and the son of retired Sergeant Trent Cain. He is going to Washington State University and major in Electrical Engineering.

The final recipient is **Chase Grimstead** from Bellingham. He is the grandson of retired Sergeant Rick Grimstead and is going to be attend Embry-Riddle and majoring in Aerospace & Mechanical Engineering.
